STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Lancaster qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on the second Tuesday of March next, at 9 o'clock in the forenoon, to act upon the following subjects;

1. To choose a Town Clerk for the ensuing year.
2. To choose three selectmen, a Treasurer, a Prosecuting Agent and other necessary officers for the ensuing year.
3. To see what sums of money the Town will vote to raise for the following purposes:

First. To meet current expenses of the Town and apply on principal and interest of Town debt.

Second. For building and repairing highways and bridges.

Third. For building and repairing sidewalks.

Fourth. For breaking rock and building macadam roads and streets.

Fifth. For lighting streets.

Sixth. For observance of Memorial Day.

Seventh. For school books and supplies.

Eighth. For extension and care of sewers.

Ninth. For care of parks and cemeteries.

4. To direct how the money raised for any of the above purposes shall be expended.

5. To direct how the school money shall be divided.

6. To see what action the Town will take in regard to an act to provide for state aid and for the expenditure of other public moneys in the permanent improvement of main highways throughout the state passed February, 1905, and raise money for the same.

7. To see what sum the Town will raise for the purpose of widening roads at points where the travelled road beds are now less than fourteen feet in width.

8. To see what sum the town will raise for the building of permanent culverts, and to direct how money raised under this and the foregoing article shall be expended.

9. To see what action the Town will take in regard to buying a steam roller, or any other road machinery, and raise money for the same.

10. To see if the Town will vote to instruct the Selectmen to appoint a special police officer for night service in Lancaster village for the ensuing year, and to raise money for the same.

11. To see if the Town will vote to adopt a curfew law.

12. To see what action the Town will take with reference to the disposition of the old Public Library Building and with reference to a sale to Union School District No. 1 of any portion of the Town Playground, and to pass any necessary vote relating thereto.

13. To see if the Town will vote to hold in trust the Luella A. Joslyn fund to the amount of \$1,000.00 and pay thereon an annual interest of 5 per cent to the Trustees of the Lancaster Public Library.

14. To see what action the Town will take in regard to the disposal of any real estate which may come to said Town under the Laura M. Johnson bequest.

15. To see if the Town will vote to ratify the action of the Selectmen in purchasing the Baker rock ledge under a vote at a special meeting, and to pass any other vote relating thereto.

16. To see if the Town will vote to exempt from taxation for a term of years any summer hotel to be built, with a capital of not less than twenty thousand dollars invested, or any new manufacturing industry employing at least ten men to be erected or put in operation within said town.

17. To see what action the Town will take toward establishing, maintaining, or aiding in erecting any new manufacturing industry and to pass all necessary votes relating thereto.

18. To see if the Town will vote to purchase land to be

used as a natural park in said Town, and raise a sum of money therefor.

19. To see what action the Town will take in regard to leasing a portion of said park to any party or company who will erect a summer hotel thereon and toward improving and lighting said park, and to appoint such committees and raise such sums of money as may be necessary to carry into effect any vote taken under the above articles.

20. To see what sum or money the Town will raise for the purpose of advertising the town as a summer resort, and to direct how such money shall be expended.

21. To see what action the Town will take relative to erecting a Soldiers' Memorial Monument in Lancaster, and to raise money therefor.

22. To see what sum of money the Town will raise for the purpose of fighting the Gypsy or Brown Tail Moth or both, should there be occasion for such action on the part of the authorities, and to direct how the same shall be expended.

23. To see if the Town of Lancaster will exempt from taxation for a term of years a toll bridge if erected on the site of the old South Lancaster bridge.

24. To transact any other business which may legally come before said meeting.

Given under our hands at Lancaster, this 25th day of February, 1907.

FRED E. RICHARDSON } Selectmen
J. E. McINTIRE } of
D. M. ROSEBROOK } Lancaster.

SELECTMEN'S REPORT.

The following report is submitted to the voters of the Town and reference is made below to the different branches which will come up at our annual meeting for consideration.

Highways and Bridges.

While we as a community pride ourselves that our roads are better than those of most towns in the state, still there is a great chance for improvement.

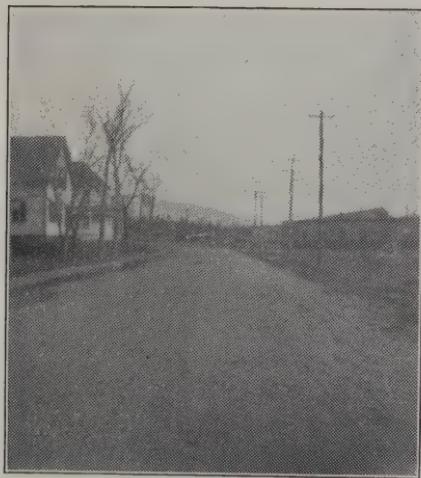

It is not so much a question of raising more money as using what we do raise along some definite line of improvement.

The roads as they now exist are in good repair, and in some instances in better condition than last year, the culverts in each section having been completely overhauled and newly planked.

In the temporary repair of our highways and bridges it is probable that the town can get along with a less sum than raised last year, but in view of one or two resolutions looking for improved conditions, we have made an estimate for a larger sum.

We have over 100 miles of road to cover in different parts of the town. The main highways are as a rule of good width, but the less frequented roads are extremely narrow, in most instances to such an extent as to be dangerous without exercising the utmost care in driving. Our roads have always been sought as pleasure drives by tourists visiting the mountains, and the advent of the automobile has added a new condition at certain seasons of the year. While it may not be our policy to furnish drives for automobilists, these conditions must be reckoned with, and our roads be made at least safe and passable for our own citizens.

We also have a large number of wooden culverts which are constantly decaying and in need of repair. The high

price of lumber, coupled with the danger which they invite, makes it possible to consider whether it would not be wise to raise more money for a few years, in order to replace these with ones of a permanent nature, either stone or concrete.

Macadam Roads and Streets.

A new piece of macadam road has been laid on Middle Street in the same manner as that required on the state road. A part of Main Street was also torn up and resurfaced. There is more imperative need of resurfacing some of our macadam roads which have been built a number of years, than any extensive building of new road, but it cannot be done economically and properly without machinery to do it with.

The balance of the money raised for macadam purposes has been used to aid in overhauling and remodelling the crusher plant in order to make it not only more efficient, but to handle and screen the rock on a par with other plants which are up to date. We are now screening the rock so as to get the four sizes in conformity with the requirements of all road laid out under state supervision. We feel satisfied that at present the capacity of our crusher is all that can be expected of it, and we have a better equipped plant, everything considered, than any in this section.

In this connection it will be necessary to consider the advisability of ratifying the action of the selectmen in purchasing the Baker rock ledge.

Building and Repairing Sidewalks.

Concrete walks have been built and graded on Elm Street at the foot of Baker Hill, Richardson Street and Main Street, on both sides of the bridge.

A good foundation to these has been laid and curbed where necessary.

Repairs have also been made on the concrete walks of Elm, Mechanic, Bunker Hill, Main and Park Streets.

Our concrete walks are a continual source of expense, and must be constantly repaired to save them. For the past few years this work has been done by the day instead of by

contract as formerly. Results have proved a saving of expense and it is hoped of durability.

A granolithic walk, similar to these being extensively laid elsewhere, has been put in on Middle Street. This walk has been laid not so much in view of expense as permanence. Walks of this nature, if suitable to our climatic conditions, may prove to be more economical in the long run, and where new walks are to be built, or old ones, as is now the case with quite a portion of Middle Street, have to be replaced.

Macadam walks have been laid to a grade, with suitable foundation, on Cemetery, Summer and Wolcott Streets, a deep, deep fill made; and foundation laid for a walk of this nature near Judge Fitch's residence.

There have also been laid or recovered about a mile of gravel walks in different parts of the village.

Extension and Care of Sewers.

Our sewer system is in complete working condition. An extension to the Elm Street sewer has been made nearly to the top of the hill near Lawyer Hening's residence. A dozen new catch basins have been placed where absolutely necessary in different parts of the village. With the exception of perhaps one or two catch basins, there are no new expenses in sight, and it is probable that the town can get along with considerable less expense in this department for a number of years.

Parks and Cemetaries

Soldiers' Park has been graded, rolled and re-seeded. A horse lawn mower has been purchased and the parks kept mowed during the summer. It may be considered advisable to grade Centennial Park in reference to the new Library building, and for this reason the contemplated walk across the park to the High School building was not laid.

POLICE COURT REPORT.

Lancaster, N. H., Feb 25th, 1907.

To the Selectmen of the Town of Lancaster.

Gentlemen:

During the past year complaints for the following offences have been heard and disposed of by the Lancaster Police Court.

Drunks	7
Aggravated Assaults	3
Refusal to support	1
Selling pools	2
Street walking	1
Larceny	1
Using indecent language	1
Issuing false certificate under Sec. 15, Chap. 49, Laws of 1905	1
Total	17

The total amount received and due the court, in excess of the amount paid to the jailor and officers where respondents found guilty have been able to pay costs, is \$31:82.

The court, as heretofore, asks no further salary from the town.

Respectfully submitted,

MERRILL SHURTLEFF,

Police Justice.

REPORT OF BOARD OF HEALTH.

To the Selectmen,

Gentlemen:—

The Board of Health submit the following report.

During the past year the town has maintained its usual standard of healthfulness. No epidemic has occurred and few cases of contagious diseases have been reported to the Board. Diphteria and scarlet fever only have been found in but a few isolated instances and no typhoid fever reported. The freedom from disease is due in a great measure to the purity of the water supply and the excellent sewer system. We have an adequate system of sewage disposal and it has remained in good working order throughout the year. The tax of \$15.00 for connecting is small and the banishment of the filthy cesspool and outhouse is so important to the community in general that one would suppose every public spirited tax-payer would avail himself of the earliest opportunity to do his part towards making the sanitary condition of the town perfect, yet this has been the one point on which the public generally has not co-operated with the Board of Health, and we have been obliged during the past year to some extent, and purpose during the coming year still more, to compel a general compliance with the law requiring such connection to be made if the building is within 100 feet of a public sewer.

There have been few complaints made to the Board, most of them relating to litter on the streets and especially to the throwing of paper bags and unsightly refuse on the banks of Israel's River. While at present this is not of such a character and quantity to constitute a nuisance to public health, we can only deplore, with other members of the community, the lack of public spirit shown by occupants of buildings along the stream, who take this method in disposing of their refuse at the sacrifice of neat and attractive surroundings. We would recommend that the statute against spitting on the sidewalks and about the public buildings be more rigidly enforced, and also the one requiring venders of fruit to provide a proper receptacle outside the building for refuse.

We have received two bequests during the year, one from the Mrs. Louisa Dow Benton Estate, on April 27th of \$235., which has been deposited in the Guaranty Savings Bank, and on February 11th, 1907 \$1,000, from the estate of Mrs. Luella A. Joyslin, under the following clause in her will. "I give and bequeath to the trustees of the Lancaster Public Library of Lancaster, N. H., the sum of one thousand dollars (\$1,000) in memory of my late husband, Barnard L.

Joyslin, the same to be known as the Barnard L. Joyslin fund, and the said trustees are to expend the interest therefrom each year in the purchase of books for said Library, and it is my wish that all books so purchased shall be marked in such a manner as to show that they were purchased by the Barnard L. Joyslin fund."
